

Citations using BibTeX

1 Standard citations and citations in brackets

The background is described in Cramér and Leadbetter (1967) (for further details see Baxevani et al., 2005). (for even further details see McDonald, 2019)

2 Citations referring to page numbers or chapters

The computational approach can be found in Geweke (1991, p 54) (for implementation issues see R Development Core Team, 2005, p 95).
